PANSY - 'Lavender Splash'

Looking for something a little different? Not your everyday pansy, Designer Collection Lavender Splash features a combo of purple and violet hues. It has a contemporary yet dramatic look. Designer Collection features unique novelty colors with sure fire retail appeal.

Quite possibly the most popular and recognizable fall annual, pansies come in a wide variety of shapes and sizes. The flower size of pansies ranges from 2½" to 4" depending on the type. They are compact low-growers, making them ideal for edging.

Plant them in well-prepared sunny to partly shady beds, making sure they get at least 3 hours of sun a day. Make sure you leave the crown of leaves above the soil because planting them too deeply can lead to root rot. They grow best in a loose, rich soil with regular water.

Don't over-water or they will begin to look disheveled. These colorful plants are nowhere near high-maintenance, but as with most bedding plants, they require a little TLC to add a gorgeous touch to your garden.
